Making backyards *fun again*

A young child with light hair, wearing a bright green long-sleeved shirt, is hanging from two blue horizontal bars of a wooden playground structure. The child's mouth is wide open in a joyful shout or laugh. The structure is made of light-colored wood with metal brackets. The background is a bright, sunny outdoor setting with a clear blue sky. The entire image is framed with a green and blue gradient border.

Let the fun **begin.**

WOW! Can you imagine your child and even yourself playing on one of these superior gym sets?

Our family owned business is dedicated to bringing you the quality and service you deserve. What started out as a hobby, developed into 20 years of e experience of helping you and your excited children make a wise choice on a gym set that will best fit the needs of your family.

We give a special welcome to grandparents as well. Purchasing the perfect play set for your grandchildren will keep the family ties strong, and bring hours of enjoyment spent with the ones you love.

Our Amish hand-crafted structures are sturdy and well built. We invite you to take a close look at their construction. We use top grade lumber and all our gyms are lightly sanded and then stained to give them a quality finish.

Come on...there is no dull moment here! We welcome you to try out each ride and slide. It's sure to bring a sparkle to the eye, both young and old.

Built to last, Kustom Gyms superior play sets will create many fond memories for years to come.
